Packaging: 1 piece

DATEX Werkstatzschutzbezüge GmbH

Productos de primera clase para la protección del interior

Nuestros productos aseguran una protección fiable contra daños y manchas - incluso en habitáculos muy sensibles.

Materiales de gran calidad con propiedades orientadas a los talleres garantizan una protección eficaz en aplicaciones especiales. Por ejemplo polietileno antiestático, o dorsos antideslizantes para nuestras fundas de asiento.

Colores diferentes señalan propiedades especiales y ayudan a identificar las fundas las más aparejadas.

La mayor parte de nuestros productos para la protección del interior se suministran en rollos compactos y fáciles de manejar.

Nuestro soporte mural permite la conservación limpia, ordenada y central de una gran diversidad de productos.

Sacos porta neumáticos

Embalaje: rollo compacto de 500 piezas
Peso: $\pm 7,1$ kg

Protector de moqueta (art. no. D-T 27)

de fuerte papel rizado.
Dimensiones: $\pm 390 \times 500$ mm
Embalaje: cartón de 500 piezas
Peso: $\pm 16,0$ kg

Fibreglass covers for car body repairs

Our well-proven fibreglass covers reliably prevent damages by sparks and metal drops.

Individual protection is provided for each vehicle, according to type and extend of the grinding or welding work. This is guaranteed by six different sizes and shapes. On demand we will be glad to sew individual covers for your needs.

All our fibreglass covers are made of a robust fibreglass fabric with a special protective coating. This material can withstand temperatures up to 700 °C.

Special shapes and robust suction cups or belt straps allow a secure fixation on and inside the vehicle.

Interior protection

The interior protection prevents sparks and metal drops from entering the interior. This cover is to be attached by suction cups.

Size: about 2.40 x 1.50 m
 Weight: about 3.6 kg
 Packaging: 1 piece

(O/N D-A 20)

Tailored cover for roof and windows

This special cover protects the entire roof and the windows. Adjoining vehicles can be protected in the same way. Extra large, also for estate and fastback cars.

Size: about 4.40 x 2.60 m
 Weight: about 6.4 kg
 Packaging: 1 piece

(O/N D-A 25-01)

Tailored rear cover

(O/N D-A 25-02)

This special cover protects the rear part of estate and fastback cars. It is to be fixed by slipping it over the back door and adjusting its width by web belts.

Size: about 3.65 x 1.80 m

Weight: about 4.0 kg

Packaging: 1 piece

Special windscreen cover

(O/N D-A 22)

This special windscreen cover protects the front and the rear screen. It is to be attached by suction cups.

Size: about 1.00 x 2.00 m

Weight: about 1.8 kg

Packaging: 1 piece

Special door cover

(O/N D-A 23)

The special door cover is tailored large enough to protect nearly all types of passenger car doors.

Size: about 1.40 x 1.30 m
