Special Fender and Front Covers

- Optimum fit on every car model is guaranteed by individual development for Volkswagen and Audi.
- A new type of fixing: no scratches, no sliding, no magnets.
- Offers complete protection around the front part, including the particularly vulnerable upper edges of the car.
- Strong extra paddings to protect against pressure and impact.
- Choice material and craftsmanship guarantee a long product life.

Saving

- Customers' vehicles are effectively protected against damage and dirt.
- Avoid unnecessary and troublesome extra work that costs your and your customers' money, time and nerves.

Enhanced Image

- Perfect appearance in accordance with the corporate identity rules improves the Volkswagen and Audi car workshop's image.
